USE CASE

THE CITY OF PARIS

THE PARIS CITY HALL
PROPOSES THE DEPLOYMENT
OF PHRASEANET MEDIA
ONLINE GALLERIES TO THE
DEPARTMENTS, SERVICES OR
DISTRICT CITY HALLS TO MEET
THEIR NEEDS FOR ARCHIVING,
FILING, EXCHANGE AND
EXPLOITATION OF MEDIA
RESOURCES.

The Information Systems and Technologies Department remains the prime contractor for these set ups on the internal network of the Paris city hall.

Alchemy brings help and advice by intervening:

- To probe (and sometimes widen) the users' needs with study and analysis services
- To help with the Phraseanet installation and setups
- To train users and technical teams to use the solution efficiently
- To provide technical support to users and system administrators
